

CINCINNATI NURSE WHO KILLED AUNT GETS LIFE TERM

Miss Keegan Must Serve Life Sentence in Reformatory for Killing her Aunt at Cincinnati Home.

Cincinnati, Ohio, Dec. 21.—Miss Ella T. Keegan, 38, former night supervisor of nurses at the Good Samaritan Hospital, was found guilty of murder in the second degree in a decision handed down in Criminal Court Friday by Judges Edward T. Dixon and Stanley Matthews. Miss Keegan shot her aunt, Miss Theresa Keegan, 60, at the home, 969 Hawthorne avenue, October 27. The former nurse was given a life sentence in the Ohio Reformatory for Women at Marysville.

Miss Keegan was unmoved in the court room when she heard the decision. After she became calm she was led back to jail to prepare for the journey to the reformatory. The decision marked the close of one of the most unusual cases that have been in the county courts for years.

"SCATTER" SALLEE WILL MAKE A TOWN OF HIGGINSPORT

Big Leaguer Invests Some of His Cash in Real Industry for His Old Home Town.

Harry (Scatter) Sallee, who made Higginsport, Ohio, known in all sections of the United States as the home of one of the greatest baseball pitchers of the United States, having retired from professional baseball, after having been in the game twenty-two years, has returned to his old home at the Port, and has now under way a new \$5,000 ice plant and bottling works.

This addition to Higginsport means a great deal to the citizens of that section of the country, owing to the fact that they had been used to good service, until J. P. Kemmerer moved his plant from the Port to Augusta a few weeks ago, and there is not much doubt but that Mr. Sallee will make good in his new venture.

And it is more than likely after the ice plant and bottling works are running smoothly that Higginsport will have its first electric light plant, run in connection with Mr. Sallee's other enterprises.

"Scatter," as Mr. Sallee is better known to his host of friends in this section, was in professional ball for about 22 years, his first tryout being with Birmingham, Alabama, then managed by Harry Vaughn, where he made good at once, and it was not long until he reached the National League, being with St. Louis, New York and Cincinnati, and played in three world series—a record to be proud of.

"Scatter" pleads guilty to being 38 years old, and says if the rules of the game would have permitted him to use rosin in his twisting that he could have remained in the big show for years to come, although he says that at times, while pitching a hard game his right leg gives out on him.

COUNCIL HOLDS AN UNEVENTFUL SESSION

Milk Ordinance is Amended to Make it Effective City Council City Employees to Be Given Xmas Money.

The regular semi-monthly session of City Council Thursday evening was a very uneventful one. Little business of importance aside from the regular grind was transacted.

The city employees will be paid their salary this month Saturday that they may have it for Christmas instead of waiting until the first of January when all the festivities shall have passed.

Council authorized the Mayor to appoint a committee to inspect the work of indexing the city's records just completed by Mr. Joseph H. Dodson. The Mayor appointed Councilmen Davis, Clarkson and Orr, and Messrs. Jas. D. Key and A. M. January.

An amendment to the city's milk ordinance reducing the fine from \$200 to \$100 was introduced. This amendment was introduced within the jurisdiction of the City Court. At it stood before the penalty was too high for the local court.

BETTERMENT IN KENTUCKY LEAF SHOWN IN REPORT

Tobacco Prices, Production, Area and Yield Per Acre Show Improvement.

Washington, Dec. 22.—Kentucky's tobacco crop this year will be more than a third larger than the Bluegrass state's production of 1921, according to figures made public by the crop reporting board of the Department of Agriculture.

All features of the report show an improvement for the Kentucky tobacco growers this year as compared with 1921. The area planted in tobacco this year was 159,900 acres more than the 1921 acreage; the average yield an acre increased four pounds; the total production increased 129,540,000 pounds; the average price a pound was 4 cents higher December 1, 1922, than on the same date of 1921, and the total farm value of the current Kentucky crop was \$5,534,000 more than last year's figure.

General improvement in the situation among tobacco growers throughout the country also is noted in the report. The total tobacco average for the entire country this year was 1,725,000 as compared with 1,427,000 in 1921; the average yield an acre was 763 pounds as compared with 749.6 in 1921; the total production was 1,324,480,000 pounds as compared with 1,069,693,000 in 1921; the average price a pound was 23.1 cents compared with 19.9 cents in 1921; and the total farm value was \$2,061,122,000 compared with \$212,725,000 in 1921.

Comparative figures for the 1922 and 1921 crops for principal tobacco producing states are as follows:

Area planted — Kentucky 525,000 acres compared with 335,000 in 1921. Average yield an acre — Kentucky 820 pounds in 1922 compared with 846 pounds in 1921. Total production — Kentucky, 446,250,000 pounds in 1922 compared with 285,710,000 pounds in 1921. Average price a hundred pounds, December 1—Kentucky, 19.5¢ in 1922 compared with 15.5¢ in 1921.

COMMENT

Time is short. The Community Christmas party for the poor children will be given at the Washington theater Sunday afternoon. If there is a poor child in your neighborhood that should attend the party, be certain that their name and address is furnished to the committee or you invite the child to be certain to attend. Not a poor boy or girl in the city should be missed.

This is indeed to be a musical Christmas. We don't remember that ever before the people of Maysville have given more time and attention to a musical celebration of high class musical programs Sunday evening. Every one who loves vocal and organ music should arrange to attend one of these musicals.

"The Old Homestead" is being advertised for an early appearance here. It has been many years since we have seen this grand old play and there's no doubt but that it will still draw the crowds as it did when grandma was young. "The Old Homestead" and "Uncle Tom's Cabin" are the two old timers who have stood the test of the years and are still popular.

The children leave school this afternoon with their hearts light. This is the happiest holiday of the year. Christmas is the children's season and although there may be a few disappointments, there are many more joyful surprises.

Since turkeys have taken such a tumble in price, it may be that a few of the newspaper serfs may yet get a fowl for Christmas dinner. It's been many a Christmas, however, since the most of them could be so very extravagant.

The Courier-Journal severely criticizes our friend and neighbor John Trumbo, Lewis county's Representative, who was author of the present auto tax law. The complaint against the Trumbo bill is that it discriminates in favor of the Ford but the Courier should remember that there are so many more of the "Tin Lizzies" and John was doing the best thing for the most people in Kentucky.

Our Daily Poem

"I WILL"

"I WILL" has a spirit that nothing daunts: Once he gets his eye on the thing he wants He rolls up his sleeves, and he pitches in With a splendid zeal that is bound to win.

"I WILL" never hesitates lest he fail— In his heart he's sure that he will prevail. No mountain can halt him, however high; There's no task so hard but he'll have a try.

"I WILL" sets his teeth when things start off wrong; He just grins, and mutters: "This can't last long. I'll take a fresh start! and Adversity Will be going some if he catches me."

"I WILL" has a punch hid in either hand; He has training, strength, and a heap of sand; He swings his hard fists in the world's grim face, And he bangs away till the world gives place.

"I WILL" understands in his own strength lies The one chance he'll get at the things men prize. Discouragement, failure—nothing can chill The stout heart of him who declares, "I WILL!"

—CHARLES R. BARRETT.

WEAK KIDNEYS MAKE WEAK BODIES
Kidney Diseases Cause Many Aches and Pains of Maysville People.

As one weak link weakens a chain, so may weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys, and generally when their activity is lessened, the whole body suffers. Aches and pains and languor and urinary ills frequently come, and there is an ever-increasing tendency towards dropsy, gravel or fatal Bright's disease. When the kidneys fail there is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys. No need to take the statement of someone living far away as evidence. Here is a case right in this locality. A. Sorries, gun and locksmith, Aberdeen, Ohio, says: "My experience with Doan's Kidney Pills leads me to recommend them strongly. My kidneys acted irregularly and the secretions contained sediment. I had backaches and when I stooped it was difficult to straighten again. Colds always settled on my back and kidneys. I used Doan's Kidney Pills and they put a stop to the trouble."

OVER FOUR YEARS LATER, Mr. Sorries said: "I am the same strong believer in Doan's Kidney Pills. I have had no trouble with my kidneys since recommending Doan's."

bigger than a township—tucked
away in the mountains—but still a
kingdom with its Queen and its
king—and its Old World Chivalry
—cream-colored uniforms—cour-
tess bending low—a Yankee girl—
A Prince Charming kneeling be-
fore her—

Into a mythical empire of love—
into a golden garden of chivalry
—into a picturesque domain of
brave knights and fair ladies—
where Romance holds sway and
drives men on to Destiny.

The clash of swords—the in-
trigue of diplomats—the smiles of
fair ladies—the love of bold
knights—the charm of great
princesses—the secret of the
locket—all these merged into a
romance of stunning beauty and
stirring life amid the gorgeous set-
tings of Old World courts and cas-
tles.

The credit of organizing the first
Sunday school in the United States is
claimed for a woman—Miss Sarah
Colt, who died at her home in Pat-
erson, N. J., in 1872, at the age of 90
years. Miss Colt's original idea was to
teach the mill boys to read and write,
and from this the school gradually
grew into a means of exclusive relig-
ious instruction.

HOME DESTROYED BY FIRE

Glen Springs, Dec. 21. — Monday morning about 11 o'clock while Mr. and Mrs. Mason Lykins were at the barn stripping tobacco, their home caught fire. The three little children were there alone and Mr. Lykins rushed to the house and saved two of them, the third being already in the yard. The alarm was given but the flames were beyond control and nothing was left but to save the smoke-house from which was taken just a part of the meat and corn. Now let us all help these people as their clothing, vegetables and household goods are all gone. Any contribution can be left at J. C. Walker's.

DECOMPOSED BODY OF MAN FOUND AT DRAVO DAM.

While dislodging some drift at the dam below town Wednesday afternoon a human body was discovered. Only parts of underwear were on it and a pair of shoes. The head and one arm was lost and much of the flesh had dropped from the bones. From appearances the body had been in the river over a year "he said. We are informed that a lock tender at one of the up river dams has been missing for over a year leaving a wife and six children. Telegrams have been sent to points likely to interest parties who have lost relatives by drowning. — Vanceburg Sun.

RIPLEY LOSES FERRY.

The Ripley Lee says: Our citizens regretted to learn of the sale of the ferryboat, Proctor K. Smiley, last week, and the probable departure of Captain Corben from our midst. Captain Corben has been with us for the past seventeen years, coming here from Middleport, purchasing the boat from Charles Fischer. He sold the boat to a stock company at Kenova, W. Va., and it is expected that the ferry will leave for that point about January 1. During his stay among us, Captain Corben has made many warm friends among our people, all of whom will regret his leaving. The sale of the Proctor K. Smiley to parties at Kenova, will, unless the C. & O. railroad places one in here to take for the freight, leave us with no connection with the outside world bigger than a skiff.

Give Them a Windsor!

It looked for awhile as if we would not get to use this pretty illustration, owing to the manner in which appreciative buyers thinned out our Christmas Windsor stock. However, a belated shipment came in and our stock is again complete. Therefore we say, "Give 'Em a Windsor." The gift will be one of lifelong satisfaction and appreciation for the recipient.
